

FRENCH

A bitesize overview of the curriculum.

YEAR 1

- Improving spoken French through one-to-one speaking lessons with a mother tongue speaker of French.
- Learning about current trends in society in France and French-speaking countries through topics on the family, cyber-society and the role of voluntary work.
- Exploring artistic culture in French society and the society of other French-speaking countries through topics on the cinema, contemporary francophone music and heritage.
- Watching and analysing a classic French film such as 'Au revoir les enfants'.
- Developing your understanding of French grammar.

YEAR 2

- Learning about current trends in society in France and French-speaking countries through topics on marginalisation, the positive aspects of a diverse society and how criminals are treated.
- Exploring political culture in French society and the society of other French-speaking countries through topics on youth engagement in politics, protest movements and immigration.
- Independent study on a topic of your choice for your speaking exam.
- Studying and analysing a French novel, such as 'No et moi'.
- Developing greater written and spoken fluency and accuracy.
