About Sherborne Girls

Sherborne Girls is a selective school for girls from ages 11 to 18, 90% of whom are boarders. It selects its pupils on the basis of their academic aptitude and ability to benefit from and contribute to the co-curricular and pastoral opportunities offered by the School.

The School holds a number of tour mornings/afternoons during the year. Details of all tour events are published on the School's website. The Admissions Department is also very happy to welcome prospective parents and their daughters at other times for individual visits.

The Entry Points

The usual points of entry to the School are at 11+/Year 7 (Lower Fourth), 13+/Year 9 (Lower Fifth) and 16+/Year 12 (Lower Sixth). The School may also have occasional places available for pupils to join at other ages or stages of their education.

Pupils will normally be of an appropriate age for the year group they are intending to join; however, individual circumstances will be taken into account, such as in cases of illness or an exceptionally gifted pupil.

No pupil can be admitted to Sherborne Girls unless financial responsibility to their previous school has been discharged.

Applicants are advised to register for a place at least three years preceding the desired year of admission although the School will try to accommodate late registrations and assessments subject to availability. The Registration Form can be downloaded or completed online through the School's website.

Equal Treatment

Sherborne Girls is committed to equal treatment for all, regardless of an applicant's race, ethnicity, religion, disability, sexual orientation, gender reassignment or social background. The School's Equal Opportunities and LGBTQIA policies are available on request from the Policies, Inspection and Strategy Coordinator: g.shavesmythies@sherborne.com or by contacting the Bursary via our website.

The Assessment Process

Sherborne Girls has a strong academic tradition and is looking for pupils with a genuine interest in education in the broadest sense of the word. The School has strengths in academia, music, drama, art, community activities, sport and outdoor pursuits. There are many co-curricular activities and enrichment opportunities, all of which are important in developing a well-balanced, confident individual.

11+/Year 7 entry

Prospective pupils are assessed for suitability for Lower Fourth (Year 7) through QUEST online assessments – adaptive multiple-choice tests in English, Mathematics, Verbal Reasoning and Non-Verbal Reasoning, plus non-adaptive tests in creative comprehension and problem solving. These assessments are sat at Sherborne Girls in late November/ early December of Year 6. This is part of the 11+ Boarding Taster & Assessment Weekend where applicants will take part in a carousel of activities designed to give them a sense of school life, as well as assess teamwork and creative thinking. Applicants are also interviewed, and assessment results are viewed in conjunction with a reference from their current school.

13+/Year 9 entry

Prospective pupils are assessed for suitability for Lower Fifth (Year 9) through QUEST online assessments – adaptive multiple-choice tests in English, Mathematics, Verbal Reasoning and Non-Verbal Reasoning, plus non-adaptive tests in creative comprehension and problem solving. These assessments are sat at Sherborne Girls in the November of Year 6. This is part of the 13+ Assessment Day where applicants also take part in a fun activity. All applicants are interviewed during the Assessment Day, and assessment results are viewed in conjunction with a reference from their current school.

Most applicants will be offered an unconditional place following the 13+ Assessment Day and payment of a deposit will secure the girl's place at Sherborne Girls. In line with GSA guidelines, this deposit is fully refundable until 1 January of the year prior to the year of entry to the School, e.g., 1 January 2026 for entry in September 2027. After this date, the deposit is non-refundable. If an applicant does not meet the entrance requirements for Sherborne Girls during the 13+ Assessment Day, she may be placed on the Head's List for further assessment in the Lent term of Year 7.

If applicants complete Common Entrance or other assessments, in their school at the end of Year 8, these results will be used for setting purposes only.

In cases where applicants have not registered in time for the main assessment test and places remain available, the School will assess them at a later date.

For entry at 12+/Year 8, applicants will be assessed through QUEST age-standardised online tests, an interview and a reference from their current school. For entry at 14+/Year 10, applicants will be assessed through written papers in English, maths and science.

16+/Year 12 entry

Academic suitability for entrance to the Sixth Form is assessed via a General Paper; an interview with the Director of Sixth Form, or another member of senior staff; a reference from their current school; and predicted GCSE grades (where applicable). The General Paper comprises several sections including a range of questions that reflect our broad subject provision. Applicants select which questions to answer according to their preferred A Level subjects.

Sixth Form Assessments take place at Sherborne Girls in November of Year 11.

Applicants would normally be expected to obtain GCSE passes at Grade 7 or above in the subjects to be studied in the Sixth Form. If an applicant obtains a 5 or 6 at GCSE and wishes to study that subject at A Level, they will need to discuss this possibility with the relevant Head of Department to determine whether they have a strong enough foundation to be successful on that A Level course at Sherborne Girls. Grades 1-4 are not a viable basis from which to start an A Level course, and an applicant who has a 4 or anything less will need to reconsider their options and choose a different course.

Applicants based Overseas

For applicants who are not resident in the UK, arrangements can be made to complete the relevant assessments and interviews remotely.

Applicants for whom English is an Additional Language

Applicants for whom English is an Additional Language (EAL) will be assessed for their ability to use English as the medium of instruction.

All 11+ and 13+ applicants will be assessed through our normal entrance procedures. If, following these assessments, there are concerns about an applicant's English language proficiency, the School may ask the girl to sit UKiset tests. This is a series of online tests designed to specifically assess English language knowledge and skills. Typically, the tests will be organised in the applicant's own country. If an applicant has taken the UKiset tests prior to registering with the School, the results she obtained should be provided to Sherborne Girls upon registration.

The School's normal entry requirement in the UKiset tests is for a candidate to reach B2 level or above.

Applicants for 16+ are not required to sit the UKiset pre-tests in advance of their application although their ability to use English as the medium of instruction will be assessed through the normal 16+ entrance tests.

Applicants who are at schools in the UK are exempt from the UKiset pre-test if they can provide evidence that they have the appropriate English language skills.

Assessment Day dates are published well in advance on the School's website and may be obtained by contacting the Admissions Department.

The School asks parents and previous schools to disclose any relevant information in respect of a prospective pupil at the time of registration. In assessing any prospective pupil, the School may take such advice and require such assessments as it regards as appropriate. Subject to this, the School will be sensitive to any requests for confidentiality. Any offer of a place at Sherborne Girls is at the Head's discretion whose decision is final.

Special Educational Needs

Sherborne Girls welcomes applicants with special educational needs providing that their individual learning needs can be supported by the Learning Support Department to allow them to access the curriculum and flourish. Parents are required to provide a copy of their daughter's educational psychologist's report or a medical report as and where appropriate.

The School will discuss thoroughly with parents and where appropriate and required, their medical advisers, any adjustments that can reasonably be made for their daughter if they become a pupil at the School.

Sibling Policy

Most sisters of existing pupils join Sherborne Girls. However, admission is not automatic and there may be occasions where the School decides that a sibling who has applied for a place is likely to thrive better in a different academic environment. In this situation the School would have full discussions with parents to determine the right outcome for their daughter.

Scholarships

Sherborne Girls celebrates all-round excellence and offers scholarships in:

- Academic performance (11+, 13+ and 16+)
- Music (11+, 13+ and 16+)
- Sport (13+ and 16+)
- Art and Design (13+ and 16+)
- Drama (13+ and 16+)

All Junior Scholarship candidates (11+ and 13+) may apply for a maximum of two scholarship categories in addition to Academic.

Scholarships are designed to reward excellence, encourage potential and celebrate outstanding talent. It is an honour to be recognised as a scholar at Sherborne Girls and award holders are expected to act as positive examples for their peers. Scholars benefit from additional support in the area for which they have been given the award, for example free tuition in musical instruments, speech and drama lessons, sports coaching or art workshops.

Sherborne Girls encourages parents of scholars who anticipate that they will experience difficulty in meeting the balance of the tuition fees to apply for one of the School's means-tested bursaries described below. An application for a bursary should be made when first registering for a place at the School.

Bursaries

Sherborne Girls' bursary programme is designed to facilitate as many girls as possible who meet the Sherborne Girls entry criteria to take up a place. The School offers means-tested

awards annually to entrants at the usual points of entry. Parents are informed of the Bursary process when their daughter is offered a place at the School and they are invited to complete an application for bursarial support via a secure portal, administered by BAA, in the Michaelmas term for the following academic year.

Bursaries are means-tested in accordance with the Bursary Award Policy published on the School's website. Both parents are required to provide proof of their income and assets. The level of support varies according to parental need; this can range from no bursary support being available to, on occasion, full fee remission in cases of proven need. Equally, bursaries are always offered for 12 months at a time. Awards are reviewed annually and a new statement is required each year, with the family being asked to provide fresh information about their current financial circumstances. Bursary awards will be adjusted to reflect any changes.

The School's expectation is that parents who do not choose to apply for a bursary at the relevant time will not require financial support throughout the time that their daughter attends the School, except in wholly unforeseen circumstances.

The School also offers one full, transformational bursary (Candlelight Bursary) each year. Applicants are often referred through the School's partnership with the Royal National Children's SpringBoard Foundation or established community links. Candlelight Bursaries are supported by The Sherborne Girls Foundation through fundraising. Further information about the Candlelight Bursaries programme and work of The Sherborne Girls Foundation can be obtained from the Development office on development@sherborne.com.

Overseas Applicants

Sherborne Girls warmly welcomes pupils from overseas and has the appropriate UKVI sponsorship licence to support child student visa applications. Overseas applicants are required to have an appointed guardian who is over the age of 18 and not in secondary education, who is a UK citizen or who has 'settled status' allowing them to remain in the UK, and with whom they can stay during exeats and holidays or in the case of an emergency. The appointment of a guardian is the parents' responsibility and the School is unable to make recommendations in this regard.

Sherborne Girls does not run short-term study programmes at GCSE or A level and therefore expects overseas pupils to finish a complete course of study. Where there is space available, we can occasionally accommodate girls in Years 7, 8 or 9 for shorter periods.

Fluency in English. In order to cope with the academic and social expectations at Sherborne Girls, pupils should preferably be fluent English speakers. Tuition in EAL can be arranged at the parents' expense. The charges for individual EAL lessons can be viewed on the School's website. Detail about the assessment process for applicants for whom English is an Additional Language is described in section 4 above.

Religious Beliefs. Sherborne Girls is a Church of England foundation school. The School does not, however, select for entry on the basis of religious belief and, where practical, it offers the opportunity for pupils of other faiths and denominations to observe festivals and expectations of their own beliefs. Parents should, however, be aware that all pupils are normally expected to attend religious services in School and in Sherborne Abbey. Any parent wishing for their daughter to be exempt from such services would need to request this in writing from the Head prior to the pupil enrolling at Sherborne Girls.

The School's contractual terms and conditions

These are made available to parents as part of the admissions process.

Girls arriving or leaving outside usual transition points

Pupils will be added or removed from the Admissions Register in accordance with the statutory guidance for local authorities [Children Missing Education Sept 2024](#).

The appropriate forms will be emailed to SchoolAttendance@dorsetcc.gov.uk. and authorities informed in line with guidance from [Keeping Children Safe in Education 2025](#).

Supporting documents which inform this policy

This policy has been written with consideration of the following School documents:

- Bursary Award policy
- Equal Opportunities (Pupils) policy
- LGBTQIA policy

To request a copy of any of the documents listed above please contact the Policies, Inspection and Strategy Coordinator: g.shavesmythies@sherborne.com
